# \$4,678,500 - 930 9 Street, Canmore

MLS® #A2190010

## \$4,678,500

8 Bedroom, 7.00 Bathroom, 5,722 sqft Residential on 0.18 Acres

Town Centre\_Canmore, Canmore, Alberta

This remarkable multigenerational executive home is a masterpiece of construction and design, featuring superior elements that significantly exceed building codes. The triple-paned windows reduce heat loss by approximately 50% compared to double-paned windows,

contributing to energy efficiency and passive solar benefits. The staggered stud construction ensures no thermal transfer, maintaining a consistent interior temperature throughout the seasons.

The home's infrastructure includes concrete, steel, and wood framing, with a solid concrete foundation

reinforced by steel beams, preventing settling and structural squeaks. Most of the main floor walls are non-load bearing, allowing for easy removal to

create a spacious, open floor plan tailored to your preferences. Fire safety is paramount, with a concrete core firewall between the main house and

the legal secondary suite. Low VOC paints and glues have been used throughout, and in-floor heating extends across the main and lower floors and

garage. Appliances include Sub Zero, Viking, Asko, Thermador, Miele and more. The exterior features locally quarried Rundle Rock, and all decks,

except for a few, are concrete with snow melt systems installed. This home is prepped for solar energy, with a 200-amp panel suited for

#### EVs and

solar installations, and it offers potential rental income that offsets operating costs and allows owners to remain compliant with incoming Canmore

property tax exemptions. Additionally, a rooftop forest fire suppression system is in place, enhancing the safety and resilience of this exceptional property.

Built in 2018
