3 Bedroom, 2.00 Bathroom, 966 sqft

Residential on 0.10 Acres

Ogden, Calgary, Alberta

If you've been looking for a place that feels like home the moment you walk in – something move-in ready, updated, and in a neighbourhood with real character – this might be it. You step inside and immediately notice the light. It pours through the front windows, bouncing off fresh flooring and into a living room that feels open and easy to settle into. The kitchen is already done – stainless steel appliances, clean countertops, and a layout that just works. The bathroom on the main floor is fully redone with modern tile and a frameless glass shower. It's all been taken care of, so you don't have to. Downstairs, you've got options. A big bedroom with real light, a second bathroom, and a kitchenette that makes it perfect for a roommate, guests, or even some rental income. Whether you want the extra space or a little help with the mortgage, the setup gives you flexibility. And outside? You've got a private backyard, an oversized single garage for all your gear, and a long driveway that actually fits your crew or an RV. The river pathway is just around the corner, and when the Green Line LRT opens, you'll be even more connected – without giving up the space and quiet that brought you here in the first place. It's the kind of home that works for where life is now – and where it's going next.
