Welcome to this extensively upgraded Morrison-built two-storey home in the sought-after community of Symons Gate. With over 2,000 square feet of thoughtfully designed living space, this property offers both comfort and sophistication. The main floor features an open-concept layout with 9-foot ceilings, quartz countertops, upgraded stainless steel appliances including a chimney hood fan, and a spacious center island perfect for entertaining. The upper level includes a generous bonus room, laundry area, two secondary bedrooms, a full 4-piece bathroom, and a primary suite with a luxurious 5-piece ensuite and walk-in closet. Numerous recent upgrades enhance the home's value and functionality, including a 4.455 kW solar panel system (2023) that significantly offsets electricity usage, a radon mitigation system for enhanced air quality, and a newly installed Class 4 hail-resistant roof (June 2025). The basement development has been started with City-approved electrical and plumbing permits, providing potential for an additional living space. Additional features include central air conditioning, central vacuum, Aprilaire air filtration system, and smart home upgrades such as smart light switches, thermostat, and door and window sensors. This home is ideally located just one minute away from the community playground, where a variety of

family-friendly activities and seasonal events, such as outdoor movie nights for kids, are regularly hosted.
