Opportunity is knocking at this rare find! For only the second time ever, this much loved and well kept 1978 gem is ready for its next chapter, located just a stone's throw west of the Taber Christian School. Starting with the curb appeal and the massive outdoor assets. You get the best of both worlds with an attached single car garage AND a spectacular 26' x 28' heated detached garage (built in 2004), perfect for the hobbyist, mechanic, or anyone who simply needs more storage. The large, fully landscaped lot is a dream, complete with a paved RV parking pad and a covered back deck awaiting summer BBQs. The sellers have taken care of the heavy lifting with big ticket updates: a brand new furnace and A/C (2022), new shingles (2022), a hot water tank (2021), and PVC windows on the main floor (2013). This home has incredibly strong bones and a traditional split entry layout. Step inside the main level to a good sized living room highlighted by a large picture window. The adjacent dining room features access to the covered deck. While the kitchen has plenty of cabinets, cupboards and places to store essentials, it shares a wall with the dining room and is ready for a future open concept transformation. This level also holds two spacious bedrooms and a 4 piece bathroom. While the lower level boasts two more bedrooms, a 3 piece bathroom, and a very large family room, a perfect spot for movie nights or a future entertainment area. Laundry and mechanical are tucked away

nicely as well. Are you searching for your first home or maybe the garage space is what you're after, either way, this is a great place to start! Plan to visit.
